Referral Program

My way of saying thank you

WHAT IS IT?

There's nothing better than serving my clients well and giving them images they adore. One of the biggest compliments my clients give me is when they send friends and family my way. My referral program is a way to say "thank you!" and give a little something extra for being a wonderful supporter.

HOW IT WORKS

It's simple! For every new referral from you that books a complete session you receive one of the following rewards. The best part is there is no limit to how many clients you can refer. Get rewarded every single time.

EASY TO SHARE

I will provide you with a digital referral card that you can share with family and friends. Be sure your referral mentions you or shows the card when they book.

WHEN YOU'RE REWARDED

Once your new referral books and completes a session with Juniper Berry I will notify you. I keep track of all referrals you send. At 6 referrals, you'll start earning the print credit and get another complimentary session for your tenth referral – and so on...

THE RULES

Each new referral, who hasn't previously been a Juniper Berry client, will count towards the rewards described above. Your referral must purchase a session with me to receive your reward. If your referral books and then cancels, the credit no longer applies. *These rewards cannot be combined with any other offer or discount.*

WHAT THEY GET

Your referral will thank you because they will be gifted an 8x10 image from their session.²

¹ Complimentary session applies to the foundation session in Collection One – upgrade available

² Not redeemable for cash
